## Team History

**Ice Precise** open team commenced training on Thursday 23<sup>rd</sup> February 2012. In their first year they won their division at both the Sync Clubs competition and the Queensland Championships and placed 4<sup>th</sup> at Nationals. In 2013 they were very excited to win Silver medals at Nationals.

In 2014 they again won both the Sync Clubs competition and the Queensland Championships but at Nationals they were unfortunate to have a fall in their program (which can happen to the best of teams, as you will have seen if you were at Nationals). They were still successful in gaining higher points than the winning team did in 2013, but unfortunately in such a large and hotly contested division they just missed out on a podium finish this year, by less than the deduction for the fall.

I am sure team members and their coach Lochran will therefore be even more determined than ever, to continue developing their team to be able to skate their best during 2015.
